

2 St Giles Square - Ground Floor

 **OUTERNET**

Detailed proposals - 2 St Giles Square

Restaurant / Cafe

Room Names & Numbers

Restaurant-Cafe-Shop/ B.GF.O4

Brief

Retail 1: To provide basebuild space suitable for restaurant or shop at ground level with on floor kitchen facilities as recommended by catering consultant to "base build" standards listed below.

Retail 2: Retail unit forms a secondary means of escape route from the 'Now Trending' space. Please refer to building control for fireloading requirements for space due to this useage.

Architectural

Base build SSL to Soffit: 5.545m nom.

Base build SSL to U/S of beam: 4.945 m nom.

FFL to Ceiling by tenant 4.000m nom. (with 395mm finishes zone)

Occupancy Level: Limit imposed by fire capacity

Walls

- Fair faced blockwork and unfinished concrete
- Galvanised steel infill sheet to internal face of curtain wall system where opaque
- Inside face of columns, beams, doors fully finished as part of facades package
- "Retained facade" on 1-3 DMS to be rebuilt as facsimile of original facade using cavity wall construction and acrylic render. Internal finishes to be exposed blockwork.

Partitions

- Fire rated plaster board partitions
- Shaftwall to risers and lift enclosure
- Shaftwall risers with no finishes. Riser wall to FR 90min.
- Partitions to maintain fire resistance as described in Table 6 of the Fire Strategy Report.
- Acoustic requirement: $\geq 50\text{dB}$ Rw at riser. Refer to acoustic report annex for location
- No finishes

Floor

- Cold applied waterproofing applied to concrete slab and plinths.
- Two layer of plywood decking for temporary protection.

Ceiling

Exposed metal deck soffit

Doors

External doors to be fully finished as part of external envelope package

Furniture

N/A
